Please go out to Lake Arrowhead, locate parcel 123-123-123, take photos of the land slide, measure the damage over the property line, go to the county and find information on the permit for the retaining wall, who the contractor was, locate the prior owner, find out who authorized the construction of that wall, locate a before and after aerial of that parcel, annotate the damage then prepare and mark the various exhibits we will need for our lis pendens because of the failure to obtain a record of survey and record the property corners.
